

Mark

Incoming Freshman from Mississippi moving to NOLA to attend XULA. Does not know anyone and looking to make friends by attending school social events.

Says

How do you meet people on campus?

What are the popular social events on campus?

What days are there events on the yard?

How do you differentiate between XULA ran events and random parties thrown on campus?

How should I dress to fit the theme of the party?

Where can I find out when events are?

Thinks

I hope I meet a couple of cool people.

Did I miss out on an event?

Do I look strange standing alone?

How do people know when events are?

It would be nice to see some of my classmates outside of class.

What time did this start?

How do people already know each other?

What clubs on campus should I look out for because they throw the best party?

This will be a great chance to get to know people

Hopefully I will be able to meet clubs offers so I can find out how to join the club

Maybe I'll be able to find other freshman in my major

Does

Follows Xavier Activities Board on all social media.

Downloads the Corq App

Ask upper-level students on campus when social events are.

Hang around the University Centers in case an event happens.

Talk to people around campus to find out when events are

Sign up for X-Connect

Sign up for X-Connect

Hang around the University Centers in case an event happens.

Ask his classmate which events they are attending.

Attend SGA meetings to find out when events are
