

Maddie

A commuter student living off campus and unaware of XULA parking rules.

Says

When can we park whenever we want?

What is the difference between a gold lot and a green lot?

How do I avoid getting a ticket on campus?

Why is this parking lot closed?

When do I order my parking pass?

How do you find out in advance when they will close the parking lots?

Thinks

Can't I park where I want?

When did they say this parking lot was closing?

Why are the student parking lots so far?

What time am I allowed to park closer to campus?

How come the teachers get to park close to the school building and library?

It's dark, and I am scared to walk to my car, parked so far in a green lot.

Can't I just sneak my car into a teacher spot and just blend in?

Do I need a pass to park in the student parking lot?

When does the parking pass go on sale?

What are the consequences of me parking wherever I want?

The student parking lots are not that far. I can get my steps in.

Does

Order a parking pass

Takes the risk and parks in a gold lot, not knowing exactly when it is allowed.

Circle campus for a while, looking for a parking spot because their regular parking lot is close.

Park in the grass

Look up when she is allowed to park whenever she wants.

Walk in the dark to their car because they didn't know they could move their car closer.

Feels

Confused

Scared

Worried

Annoyed

Frustrated
